CHRONIC MALARIA

Differs materially from ordinary chills
and fever. It is the result of repeated
acute attacks. The liver and spleen are
principally affected. They act as store-
houses for the malarial poison and the
blood takes it from them. The
poison must be driven out of the
system. HUDYAN will eradicate
it. HUDYAN will trace
it. HUDYAN will destroy the
action of the poison
and eventually drive out the last
particle of it from the
system. In addition to this,
HUDYAN will restore the lost ap-
petite. It will build up the weak-
ened system.
HUDYAN will make new
bones and new flesh.
The pains in the
bones will disappear. The
brain will become clear. HUDYAN
will do all this and make you well. HUDYAN
has cured others and it will cure you. We
describe the symptoms. Study them care-
fully. They are yours. Do not delay long-
er, but take HUDYAN now and you will
be cured.

HERE ARE YOUR SYMPTOMS:

1. CONSTANT HEADACHE AND
TROUBLED BRAIN. The malarial
poison is circulating in the brain. HUDYAN
will drive it out. HUDYAN will purify
the blood and the brain will receive it
in a pure state. Your headache will dis-
appear and your mind will become clear.
2. PALE OR YELLOWISH COM-
PLEXION. HUDYAN will establish a
free circulation of pure blood and cause
the cheeks to assume their natural color.
3. LOSS OF APPETITE AND GRAW-
ING IN THE STOMACH. HUDYAN will
clear the stomach and restore the ap-
petite and the digestion of food will become
perfect.
4. FEELING OF WEIGHT OVER THE
LIVER. This is due to the enlargement
of the liver. It is filled with the poison
of malaria. HUDYAN will drive out the
poison and cause the organ to assume its
natural size.
5. HEAVINESS IN THE REGION OF
THE SPLEEN. The spleen becomes
greatly enlarged. HUDYAN will drive out
the poison and the spleen will return to
its normal action on the malarial poison, will
lessen the congestion and cause the heav-
iness to disappear.

You are suffering from Chronic Malaria,
and you can be cured. The relief is held
out to you. It is HUDYAN. HUDYAN
will relieve your every symptom and
make you well. When you have used
HUDYAN tell your friends what it has
done for you. HUDYAN can be obtained
of all druggists for 50c per package, or
six packages for \$2.50. If your druggist
does not keep it, send direct to the HUD-
YAN REMEDY COMPANY, San Francisco,
Cal. or Los Angeles, Cal. Remember that
you can consult the HUDYAN DOCTORS
FREE. Call and see the doctors. You
may call and see them or write, as you
desire. Address

Reporters in Holbrook and Vicinity.

Read Dr. Sampson's Belgian Hare
ad. on first page.

Dr. Dryden was over from Winslow
Tuesday, professionally.

Mrs. Lewis of Mesa, went to St.
John Thursday on a visit.

Two cows and calves were killed
near the station during last week.

The weather has been hot the past
few days, but not to say uncomfort-
able.

The Flake Bros. of Snowflake,
shipped some wool from here this
week.

The eclipse of the sun was visible
here Monday morning and disap-
peared about 8 o'clock.

Cole Campbell of Winslow, ac-
companied the Forest Reserve
investigating committee.

H. Bushman of St. Joseph's was a
pleasant caller at this office Saturday.
He was on his way to Snowflake.

Mr. J. J. Vossburg of Los Angeles,
was here Thursday on his way home
from his Pleasant Valley ranch.

Mrs. J. A. West of Salt Lake City,
passed through here Thursday on
her way to Snowflake to visit rela-
tives.

Edward S. Goodman and Thomas
B. Saul of Linden, were in Saturday
and made final proof on their home-
steads.

Wm. Morgan of Show Low, came
in Sunday morning. He shipped
considerable wool from here the
first of the week.

Sheriff Tyler and Sam Jennings
were killed near Thompson, Utah,
Saturday, by outlaws. Some think
the outlaws are the Arizona outfit,
but it is doubtful.

John Divelbess has been out on
Zuck's ranch a few days trying
broncho riding. From the marks on
his head we should think the bron-
cho's have been taking a hand at
the riding.

Peter Stevenson and family and
Mrs. L. Stevenson of Denver came
in Saturday morning and proceeded
to Show Low on a visit. Mr. Stev-
enson's people were old residents of
Navajo county.

While going west over the Santa
Fe Monday, we noticed new bridges
being put in at St. Joseph, the La
Reux Wash and across the Little
Colorado at Winslow. The company
are making valuable improvements
all along their line.

We noticed the following people
who came up from Penzance to see
the wonderful ball game: Bob Wil-
liams, P. F. Mahoney, Dan Whaler,
Mike Maloney, T. W. Seery, T. C.
Hull, wife and baby.

J. P. Wimmer returned Sunday
morning from Salt Lake City, where
he has been in search of relief for his
rheumatism with which he has been
a great sufferer. He found no per-
manent help and has returned to
his home at Woodruff.

Chas. Cahn who accidentally shot
himself through the foot with a
Winchester rifle some time ago, came
into town this week and is having
the wound treated by Dr. G. S. Reed.
He is doing nicely now, but if he had
stayed out in the country without
medical treatment much longer, he
would likely have lost his foot.

Joseph Rhotan came very near
meeting with a serious accident
Saturday night, while driving the
stage. In descending a steep hill
near Adair, he was thrown head first
from the hack, striking on his head
and shoulders, but luckily got off
without any serious injury. If the
team had not been perfectly gentle
he would probably have fared much
worse.

Gifford Pinchot and F. V. Coville,
of the Forest Reserve Commission,
arrived in Winslow from Washing-
ton Sunday night. They started out
about 10 o'clock Monday morning.
E. C. Bunch of Glendale, and Sam
Webb of the Phoenix Gazette, repre-
sented the Salt River Valley. The
party will travel in saddle and will
have every opportunity of seeing the
country and making the necessary
observations.

F. J. Watron has received his
graphophone outfit with about 150
records, and has been entertaining
the populace the past few days. He
has several extra machines and a
great many fine records which he
offers for sale. There is nothing
that will give as much entertain-
ment for the money as one of these
machines and a few records, and it
would be a fine thing for every
family to have an outfit.

Sheriff Watron had business at
Winslow yesterday.

O. M. Boyer, John Divelbess and a
representative of the Argus visited
Penzance yesterday.

Juan Candalaria of Concho, and
Lorenzo Baca of Taylor, were in
with wool this week.

C. F. Putnam of Young, is in town
on business this week, and was a
pleasant caller at this office.

Mrs. S. B. Flynn, mother of Mrs.
F. J. Watron, came in yesterday
afternoon from Albuquerque on a
visit.

Miss Pearl Udall of Springerville,
and Mrs. Kemp and daughter of
Concho, returned home Thursday
from Provo, Utah.

The old depot building at Wins-
low, which has been more or less an
eyesore since the handsome new one
was built, has recently been removed.

It is thought advisable, during the
summer months, to change the time
for Sunday School to 10:30 a. m.
instead of 2:30 p. m., as it has been
heretofore.

Ma. Zuck, Supt.
The Holbrook Nine has received a
challenge from the Winslow boys
for a game of ball to be played June
10, on the Winslow grounds. It is
very probable that the boys will
accept.

Miss Palin, who has been teaching
at the Whiteriver Indian agency, has
been transferred to a like position at
Zuni, N. Mex., and went through
here Monday enroute to her new
location.

Deputy Sheriff Joe Bargeman, we
are sorry to note, is having a severe
attack of rheumatism, and has been
confined to the house for several
days, but is improving and will soon
be able to be around attending to
his duties.

We had occasion to visit Winslow
Monday. It was our first visit, and
we were surprised to find such a
bustling little city. The streets are
all laid out in nice shape, giving it a
decidedly civilized appearance. While
Winslow is rather dull at the present
time, her business houses, hotels, etc.,
are well appointed and able to handle
any rush that might come. We were
royally treated by those whom we
happened to meet, and we hope it
may be our pleasure to visit the city
again in the near future.

The Penzance ball team came over
again Sunday to amuse themselves
with our boys. The amusement was
not what it should have been, but
we hope they will not be discouraged
and will come again. The fact is our
boys have had no practice, and until
they get right down to work they
cannot expect to stand any show
with the article of ball the colored
aggregation from Penzance put up.
Several good plays were made, but
team work on the part of the home
club was very poor. The boys are
still confident and expect to win a
game in the near future. The umpire
furnished from Penzance gave
good satisfaction, and his decisions
were prompt and accurate. Score—
39 to 13 in favor of the visitors.

The Chinese ask "how is your
liver", instead of "how do you do?"
for when the liver is active the health
is good. DeWitt's Little Early Ris-
ers are famous little pills for the
liver and bowels. F. J. Watron.

Burglars robbed the Kingman post-
office Tuesday night. The door of the
safe was blown off. The charge was
so heavy that the contents were badly
damaged. The thieves secured all the
postage stamps it contained, amount-
ing to several hundred dollars, but
overlooked a package of currency and
a number of registered letters.

All who suffer from piles will be
glad to learn that DeWitt's Witch
Hazel Salve will give them instant
and permanent relief. It will cure
eczema and all skin diseases. Beware
of counterfeits. F. J. Watron.

The apricot shipments from Phoe-
nix this year netted \$180,000.

The sale of the Congress mine for
\$30,000,000 is one of the events in
Arizona that creates no surprise.

Ivy poisoning, poison wounds and
all other accidental injuries may be
quickly cured by using DeWitt's
Witch Hazel Salve. It is also a cer-
tain cure for piles and skin diseases.
Take no other. F. J. Watron.

Kansas is said to need 20,000 extra
men this year to harvest her enor-
mous wheat crop.

Small in size and great in results
are DeWitt's Little Early Risers, the
famous little pills that cleanse the
liver and bowels. They do not gripe.

HETTY GREEN AT WORK.

Early and Late Sae Toils Adding

More Gold to Her Millions.

"At the farthest end of the long,
narrow room, over in a corner by a
window, in the Chemical Bank, New
York, Hetty Green, 'The Richest
Woman in America,' has her desk,"
writes Leigh Mitchell Hodges, in
the June Ladies' Home Journal.
"When the dozens of bookkeepers
come and take their places they
form a human screen, behind which
she is completely hidden. When
any one calls to see her—and she
see most of those who do call—she
comes to the brass grating near the
assistant cashier's desk and carries
on the conversation as if she were a
prisoner behind golden bars. She
never opens the little door. All day
long she is in and out of the bank.
Sometimes she carries a little satchel
in which valuable papers are stowed.
Frequently she is recognized by one
in the long line of depositors. Then
there is a whispered word on the part
of that one, and a line of heads is
turned to watch her until she walks
out of the door. But her plain dress
and heavy veil serve well their pur-
pose, and it is not often that she is
recognized. If she has time at noon
she stops in any restaurant conven-
ient to where she is and eats a little.
If not, she goes without that little.
There is no lull in her day until
after dark. She is always among the
last to leave the bank, and among
the first to be there of mornings."—
Ladies' Home Journal, June, 1900.

Neglect is the short stop so many
take from a cough or cold to con-
sumption. The early use of One
Minute Cough Cure prevents con-
sumption. It is the only harm-
less remedy that gives immediate results.
It cures all throat and lung troubles.
Children all like it and mothers en-
dorse it. F. J. Watron.

To Err is human.

He (anxiously)—Do you think your
father would ever consent to our
marriage?
She (cheerfully)—I don't know,
Papa is just like all other men—so I
suppose, he makes mistakes some-
times.

Reports show that fifteen hundred
lives have been saved through the use
of One Minute Cough Cure. Most
of these were cases of gripe, croup,
asthma, whooping cough, bronchitis
and pneumonia. Its early use pre-
vents consumption. F. J. Watron.

Standpoint.

In youth men can't abide a fraud,
He hunts him down at home, abroad;
But, learning where his own faults be,
With years awaketh charity.

Charles H. Marks, while acting in
the capacity of nurse at the Second
Division Hospital of the Fifth Army
Corps at Santiago de Cuba, used a
few bottles of Chamberlain's Colic,
Cholera and Diarrhoea Remedy for
diarrhoea and found it to work like
a charm. For sale by F. J. Watron,
